

Telecom26

eSIM installation Quick Start

Step 1

Login to the management portal

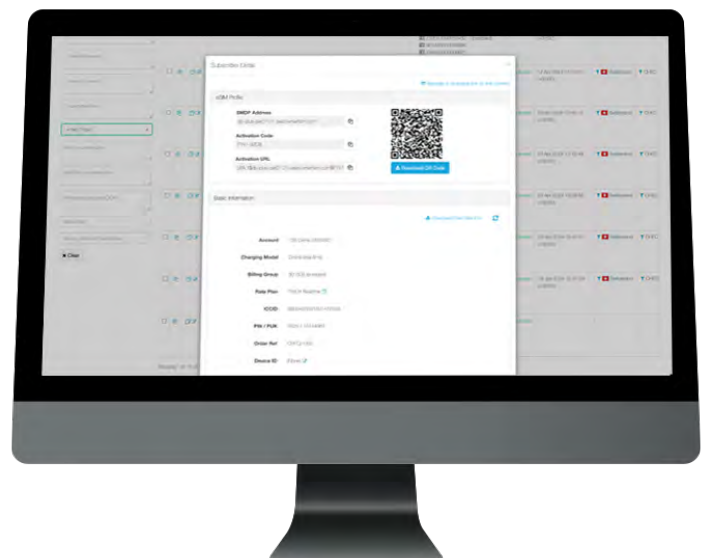

1. Login to the Telecom26 Management Portal.
<https://sims.telecom26.ch> - Your login details were sent with your Telecom26 Welcome email. If not, please contact our Customer Care Team - help@telecom26.ch

Step 2

Scan your QR code

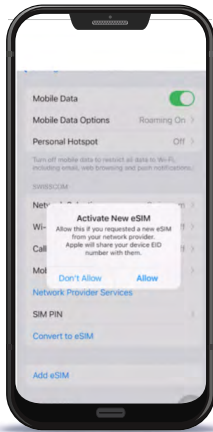

1. Once you login, in the cockpit under Action – Open Subscriber Details. You will see your QR Code/eSIM Profile. See example here.
2. Scan the QR code with your iPhone camera.

Step 3

Activate eSIM

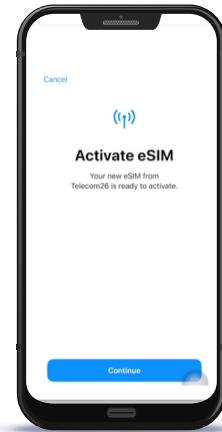

- Click 'Allow'.

Step 4

Your new eSIM is ready to activate

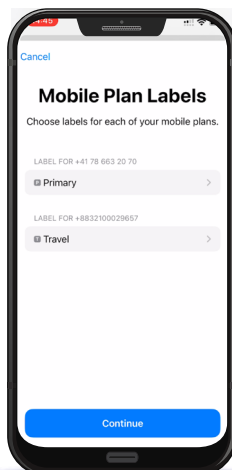

- Click 'continue'.

Step 5

Mobile Plan Labels

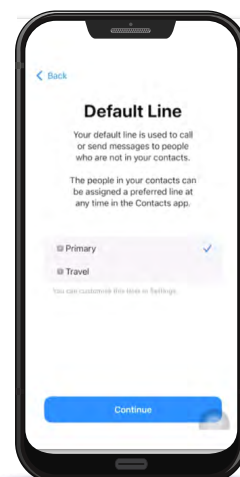

- You will be asked to label your new mobile plan or the new eSIM Profile.
- The default should be The T26 eSIM (labeled here as Travel), in case you install a secondary eSIM.

Step 6

Select default line

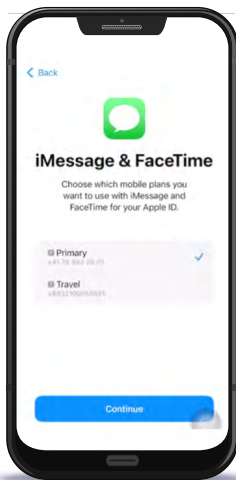

- Which default line should I choose? Primary or Mobile Data (Travel*)? –
- Select 'Primary' and Continue

Step 7

iMessage & Facetime

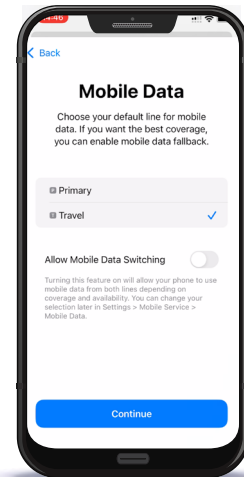

1. Primary or Mobile Data (Travel*)? –
2. Select 'Primary' and Continue

Step 8

Mobile data

1. Primary or Mobile Data (Travel*)? –
2. Select 'Travel' and Continue

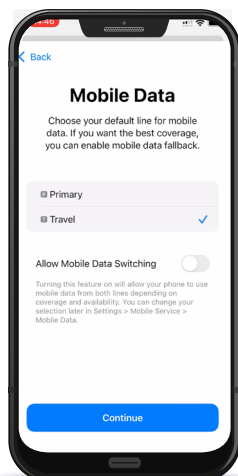

***Travel refers to the Telecom26 eSIM**

Step 9

Allow mobile data switching

1. Click 'No' and Continue

Turning this feature on allows your phone to use mobile data from both lines depending on coverage and availability. You can change your selection later.
